December 31, 2018

Darrin McElroy, President
Environmental Construction Group, Inc.
3271 East 19th Street
Signal Hill, CA 90755

Your application to renew your asbestos registration number 820 is complete. Your renewal registration commences January 03, 2019 and continues through January 03, 2020.

Be very careful to send in all status changes on a timely basis, including name, entity, workers compensation insurance, CSLB #, ownership, and contact information. Your registration is contingent upon the accuracy of this information. Be aware that your registration and DOSH number are tied to a specific CSLB # and name. In particular, if your CSLB # changes, you will have to reapply as an initial applicant. To provide for business continuity, you must notify the Division as soon as you are aware of such changes. Use the attached form for all status changes.

As always, one condition of continued registration is provision of timely responses to requests for information with regard to your company's compliance history.

This registration is subject to annual renewal by the Division. A renewal application notice will be sent two months in advance of the registration date. However, it is your responsibility that the application and registration fee is received by the Division 30 days before the expiration date [8 CCR 341.7(c)], even if you do not receive the notice.

Sincerely,

A handwritten signature in blue ink that reads "Mary Smillie".

Mary Smilie
Division of Occupational Safety and Health
for Jeff Ferrell

Effective Date 1/3/2019

Contractor's License No. 811415

This registration is valid only when the following requirements and conditions are met:

1. The registered employer shall safely perform asbestos-related work in compliance with relevant occupational safety and health regulations.
2. The registered employer shall notify the Division of changes in work locations or conditions as specified by Section 341.9 of Title 8 of the California Administrative Code.
3. The registered employer shall post a sign readable at 20 feet at the location of any asbestos-related work stating:

**Danger - Asbestos
May Cause Cancer - Causes Damage to Lungs
Authorized Personnel Only**

4. A copy of the registration shall be posted at the jobsite beside the Cal-OSHA poster.
5. The registered employer shall provide a copy of this registration certificate to the prime contractor and any other employers at the site before the commencement of any asbestos-related work.
6. The registered employer shall conduct a safety conference prior to the commencement of any asbestos-related work as specified by Section 341.11 of Title 8 of the California Administrative Code.
7. The registered employer acknowledges the Division's right to revoke or suspend this registration as provided by Section 341.14 of Title 8 of the California Administrative Code.
